Dear Members,

On behalf of the Efik National Association USA Inc., I ask each of you to join me and observe a moment of silence for the many lives lost as a result of hurricane Sandy's land impact across the Eastern half of the country last night.

Our prayers and heart felt sympathy can only be a source of comfort at this time of devastation from mass flooding, wind damages and power outages to millions of homes and personal properties.

I will encourage all of you including members of the ENA-USA Executive Committee to reach out to those brothers and sisters in the affected areas. If need based conditions exist with any of our affected members; I will request for assistance from ENA-USA as soon as possible for that member(s). My cell phone number is 203-722-9212.

May God's blessing to each of you,

Chief Paul O. Basse-Duke

National President,

ENA-USA
