To:

Dear ENA-USA Members,

The Campaign for the 2<sup>nd</sup> ENA-USA Medical Mission to Cross River State will begin in January, 2013. As we prepare for this kick-off, The Health & Wellness Subcommittee Chair, Dr. Felicia Bassey-Akamune would like all of you to join her and the medical team:

**BY SIGNING-UP TO VOLUNTEER ON THIS 2<sup>nd</sup> MEDICAL MISSION!!!**

### **This medical mission will begin on October 21-26, 2013.**

These seven days represent the field activity days and does not include traveling time. We encourage our members wishing to be part of this mission trip to start early and request the above days as vacation time from their respective offices in order to secure these dates and avoid any last minute problems.

The Palace of the Obong of Calabar will again host the mission's kick-off event on Monday, October 21, 2013. We will continue to inform each of you as the planning details unfold. Please, contact the following team members if you have any question(s) pertaining to the mission trip:

1. Dr. Felicia Bassey-Akamune, Chair

(240) 476-7796

2 Dr. Veronica Okon Archibong, Member

(281) 685-7734

3 Mr. Francis Ironbar, Member

(214) 952-7276

4. Chief (Dr.) Chris Effiong, Member

(731) 514-1611

My fellow members, we are again at the precipice of improving the quality of life for the citizens of our State by committing to volunteer in this upcoming medical mission. We do have a moral responsibility to turn this “Investment in the Health and Wellness in Cross River State, into a signature initiative for the ENA-USA”.

Finally, we no longer can afford to take a back seat and allow poverty and the lack of basic access to healthcare to continue to take the lives of our fragile population. I'm therefore appealing to each of you during this season of giving to contribute your time, efforts or talents and make this second medical mission a huge success.

Sincerely,

Chief Paul O. Bassey-Duke

National President,

ENA-USA
