

DANA Air Crash: Efik National Association Sympathizes With Bereaved Families.

It was with profound shock that we learnt on Sunday, of the Air crash in Lagos, Nigeria of a domestic commercial plane belonging to DANA Air, killing all 153 passengers on board. The Efik community in the United States commiserates with the families and friends of the deceased as we pray for them and our beloved country, Nigeria. May God in his infinite mercy grant the souls of the deceased eternal rest; May God grant their families the strength to bear the sudden and unexpected loss, and May God grant our beloved country, Nigeria abundant peace in our time of grief, and always.

As our Brothers' Keeper, please extend our profound condolence to any family you know that lost a loved one in the air crash because, the way we live back home, someone knows someone who knows someone that was killed in the crash and we care.

May their souls rest in perfect peace; Amen.

Esessien E. Offiong

Secretary, Efik National Association, USA
